

On This Side Of The Sun

By Phat

CELEBRITIES—At The Dunes last night Ruby and Connie Barbeau almost had to call out the guard to keep the women—military and civilian—in line. Clark Gable was having dinner there . . . Jimmy Durante was at the Lone Palm Sunday, cooling off in the plunge. . . . With Eddie Cantor owning a home here, Clark Gable and Jimmy Durante in town, all we need now, is Bing Crosby to have a specialist's paradise—eyes, ears, nose and throat. . . . At the Waikiki they are considering changing Proprietor Joe Felix's nickname from Portogee Joe to Voodoo. Have you seen his pumber's trick?

FAUX PAS—As mentioned before, am one of the world's greatest contortionists. Never open my big mouth without getting my foot in it. Last week Mrs. G. took over here. Since then have been told probably five times daily to let her write this column every week. She does so much better at it. . . . The great glee with which customers here told me how much better she was is comforting. At least, they read This Side of The Sun.

THE VILLAGE—Wednesday of this week was a holiday in the life of Col. A. B. Jones, commanding officer at Torney General Hospital. It marked the start of his 31st year in army uniform. . . . Margaret Needham refuses to discuss that diamond ring she is wearing. Neither will Walter Z. Allen. . . . Tireddest man in town is Harry Brott. It'll be the middle of the season before he recovers from the strenuous exercise of supervising the opening of the Desert Drug company. . . . Dr. J. R. Macartney brags about the big fish he caught. He has a mean advantage over other fishermen. Being a preacher, people believe him. . . . Charley Mathews admits his best fish this year was less than 15 feet long.

RADIO—The guy who used to think of names for Pullman cars is now at work writing radio commercials. Have you noticed some of them lately? That kid who asks his grandma to let him count her teeth, he wants to know how old she is and she answers brightly, Oh, these aren't my teeth, I got them from Dr. So-and-so. Or, that squalling infant and mother's soothing, Hush, now baby, you're going to so-and-so's to have your picture taken. They even put on the squalling brat and told her to hush, she was going to so-and-so's barn dance.

MUSIC—Not much to say this week. "I'll Be Seeing You" is still there and my entry "I Walk Alone" and "It Could Happen to You" is still out of the money, sixth and seventh. . . . That "Her Tears Flowed Like Wine" thing is classed along with "Pistol Packing Mama" in my book. . . . Heard a new one this week, "The Coat and Pants do all the work and the Vest gets all the Gravy. . . . In Palm Springs" was only written this week and not having heard it, can't plug it for the No. 1 tune—yet.

BOOKS—After reading one book a week all summer, have come to the conclusion that America's authors are having trouble with their women. Practically every one was about some woman who was a—well, you can't use that word but it's the only one that fits. . . . Will have to quit trying to keep up with the current best sellers and go back to the "who dun it" murder mysteries.

THIS AND THAT—The army really found the bait to fill the ranks of the Wacs this week. Public relations men revealed that each Wac gets four pairs of Nylons in her outfit. There may be a lot of us fellows really bawling it soon. . . . Cause for all of those beans on the sidewalks is an epidemic of bean-shooters among the kids. Teachers should be glad they're getting it out of their systems before next week. . . . Pvt. Bette Davis who made a pass at a bee and wrecked an army car has my sympathy. Once, while chauffeuring my mother and two staid friends through Laguna canyon, happened to grasp one of those bulb horns which adorned autos in the early days. A bee was standing on his head on the bulb. Seems it got my mother in bad. Her highly respectable friends thought she hadn't been paying enough attention to my vocabulary.

IN CONCLUSION—All right, try to find in today's column any but this single solitary "T".

Sunday, Sept. 24th, to be City-wide Clean-Up Day

Dedicated to the GROWTH, DEVELOPMENT and CONSTANT IMPROVEMENT of AMERICA'S FOREMOST DESERT RESORT

Vol. XVIII—No. 7

Friday, September 15, to Friday, September 22, 1944

Village Will Clean Up for New Season

Los Compadres
Club Sponsors
One-Day Campaign

Sunday, Sept. 24, will be clean up day in Palm Springs and a much-needed job will be done by patriotic Villagers under plans being mapped today by the Los Compadres club and city officials.

A meeting will be held Monday evening at 7:30 o'clock at the Chamber of Commerce building to complete details of the plan.

For some time City Manager Ray M. Sorum has been appealing to the public to clean up vacant lots and to refrain from dumping rubbish into streets or on to vacant lots.

RESPONSE IS POOR

There was some response but in general, little heed was paid and the situation has been getting worse. Mr. Sorum said the city could not do the job because of the shortage of man-power.

This week the Los Compadres club, which in previous years has taken it upon itself to clean up the desert and keep the trails cleaned up and which has also, on occasion sent its members into a dawn to dusk clean-up, took over.

SPONSOR BIG DRIVE

They will sponsor the general clean-up Sunday with the cooperation of other service clubs and the city. At Monday night's meeting, representatives of the Lions, Rotary and other clubs will be present and a call for volunteers to turn out on the big clean-up Sunday will be sounded. It is the aim to clean up the city and get it into spic and span shape before the new season gets under way.

TO ENFORCE LAW

Once the city is cleaned up, Mr. Sorum said, the city ordinance which prohibits dumping of rubbish on public or private property will be strictly enforced in a move to keep the city clean.

"This situation is really a disaster," (Please Turn to Page 12)

Bill Ude Injured In Auto Accident

Bill Ude, well known cafe man, suffered a painful accident yesterday which will probably keep him off his feet for some time. Ude's car and one driven by Philip Neva collided at an intersection on Mountain View place with disastrous results.

Ude suffered a broken knee cap. Neva was unhurt. Ude was taken by ambulance to Torney General Hospital where a temporary cast was affixed and then to Riverside hospital.

Invites Arrest to Test Case

In a move to obtain a court test of his demand that he be given water service at his trailer mart on South Palm Canyon drive, M. M. Pavney notified authorities of his plan and then went to a hydrant some distance from his place and helped himself to a tankful of water.

He was arrested on a charge of unlawfully tapping a water line, a violation of the state penal code.

Pavney had his plea for water service before the railroad commission here this spring. After an all-day hearing the case was continued once but no definite decision was reached.

Several years ago the commission established lines wherein the Palm Springs Water company must give service, Pavney's place is outside of this area and at the spring hearing this year he sought to have the lines extended.

Bee Bumps Wac, Wac Bumps Tree

A busy little bee—or it might have been a wasp—was the cause of an automobile accident on Tamarisk road Tuesday which resulted in some damage to the staff car of Col. Albert E. Higgins, commanding officer of the 21st Ferrying Group. Palm Springs army air base, slight injury to Pvt. Bette Davis, of the air base Wac detachment (not the movie star), and liquidation of two Palm Springs trees.

While Pvt. Davis, alone in the car, was proceeding along Tamarisk road at a moderate pace, the bee (or wasp) flew in, striking her in the eye. When she took a frantic swipe at the insect, the car went out of control and ripped into Oleander bushes and came to a rest when it struck a palm tree.

The accident was classed as unavoidable, and Pvt. Davis exonerated.

Plan Expansion Of Playground Activity Here

A vastly expanded playground program will be put into effect in Palm Springs this season with the opening of the new school year, Miss Katherine Finchy, Desert District school superintendent said today. The program is sponsored and underwritten by the Desert district board.

Designed to correlate with the city's recreation program, the playground at the Frances S. Stevens school will be a busy spot from the time school is dismissed each afternoon until 4:30 p. m. and on Saturdays from 9 a. m. to noon. Excellent supervision has been arranged by Miss Finchy.

E. W. Emory, who with Mrs. Emory joined the staff of the Desert District this year, and who is a certified playground instructor, will be in charge of playground activities. Mrs. Emory, also a certified playground instructor, will be in charge of girls' playground activities. Miss Barbara Donnell, Arts and Crafts instructor for the Desert district, will be in charge of a crafts program at the playground. The exact program for girls has not been completed as it is the desire of the playground committee to dovetail their program into that of the Girl Scouts.

First Health Clinic of New Year, Sept. 25

Mrs. Madge Holderman, public health nurse, and her son, Bud, returned this week from Newport where they spent the past month. Her daughter, Pat, will remain at the beach a few more days.

Mrs. Holderman said that the monthly clinics would be resumed this month, the first on Monday, Sept. 25 and the child health conference on Tuesday, Sept. 26.

New A Books Placed In Mails By Board

New A Books were in the mails this weekend for Villagers who made their applications early and correctly.

The books contain five sets of coupons, from A13 to A17 inclusive, and each coupon is good for four gallons each.

Although there are only six in a series, the amount of gasoline available in a three-month period is the same as it has been in the past six months—24 gallons.

Legion to Discuss Convention Plans

Owen B. Coffman post, American Legion, will meet at the Dugout next Tuesday evening, Commander Gordon Peekings announced today.

Plans for the coming 21st district convention here, will be the main topic discussed.

Play Days Come to an End for 700

Schools Prepared
to Start New
Term On Monday

School studies will be resumed by approximately 700 Palm Springs boys and girls, young men and young women, next Monday when the Desert School district and the Palm Springs high school buildings will be thrown open for the new term.

In the Desert District, the Nellie N. Coffman Junior high will start operations at 8:30 a. m. Monday and the other three schools, the Frances S. Stevens, Cahulla and Cathedral City schools will open at 8:45 a. m.

ALL PREPARED

Miss Katherine Finchy, superintendent of the Desert district, said this week that the schools were ready for opening day. Work has been proceeding all summer on maintenance and alterations. A staff of 29 instructors has been signed up for the four schools and some new courses have been added.

Miss Finchy announced the Desert district staff as follows:

Frances S. Stevens school—Eileen Carey, principal; Agnes Boland, Minette Scavarda, first grades; Virginia Booth, second; Jane Kelly, fourth; Ruby Loughran, fifth and sixth; Dolores Lowry, fifth; all returning. New teachers are Helen Peterson, formerly of the La Clase school, kindergarten; Florence Stark, from Texas, first and second; Frances Humphries, from Colorado, third; and Mrs. Yula Moon from Santa Ana, sixth.

Nellie N. Coffman Junior High—Vernon Howeth, principal; Jean Nagle, seventh; Donald Cole, seventh; Mrs. Marion Bell, eighth, all returning. New teachers are Barbara Donnell, from Long Beach and Pasadena, arts and crafts; Robert Clendenning, from Denver, eighth.

Cahulla School—Mrs. Alma Gilbert, principal, returning. New teachers are Mrs. Lorena Plummer, fifth and sixth; Mrs. Opal Ulmer, first and second.

Cathedral City—Mrs. Lily Cable, principal, intermediate (Please Turn to Page 7)

Plans for Western Week to Be Topic On Monday Evening

Plans for Western Week and the big parade on Oct. 15 which will usher in the new season will be discussed at a meeting Monday evening at the Chamber of Commerce.

Sponsored by the Los Compadres club and with the cooperation of all local stables and others interested in keeping alive the customs which make Palm Springs a distinctive Village, the parade will precede a gymkhana at the Field Club.

A week in which colorful western costumes will prevail, will be climaxed by the parade and gymkhana.

Bus Depot Must Quit Plaza Site

R. R. Dunlap, Pacific Greyhound agent, was today on the hunt for a new location for the bus depot following a notice given him by the Plaza company, Robert Ransom, manager, that the lease on the present location at the east end of the Plaza would not be renewed when it expires on October 15.

Mr. Dunlap said that the building now housing the bus depot, would be the site of a date shop.

Available sites offered as alternatives were considered too far from the center of town for the depot, Mr. Dunlap said. He is negotiating for a site close to the center of town on Indian avenue.

Dry V-Day Plans Drawn for Village

REUNION—Jimmy Shea, right, popular Espee representative here, and his brother, Lt. Daniel J. Shea, U. S. Army, had a reunion this week at Torney General Hospital where Lt. Shea was sent for care after months in the South Pacific. The local Shea is in charge of the S. P. office at Torney. It was their first meeting in months. (Kasper Photo)

England Eager To Know More About Village

In England, they believe that it won't be long now.

Among the numerous inquiries about Palm Springs received during the past week by Walter Kofeldt, executive secretary of the Chamber of Commerce, were two from England.

One was from a man named W. Popplewell who requested full information about the Village, apparently with intention of coming here after the war, and another from a Sgt. Robert Whonker who also wanted to know all about the Village.

Recently, as chronicled in The Sun a few weeks ago, a Villager had a letter from a friend in England describing the enthusiastic boosting soldiers who had been here and Villagers now in uniform and in the European theater, had been doing for Palm Springs. Mr. Kofeldt said that the number of inquiries about Palm Springs are increasing and coming from a wider territory. In this week's mail there were queries from the northwest, the midwest, Atlantic coast and from New England.

The Chamber secretary also reported that as of the first day of the week, there were now 243 paid up members of the local chamber.

George McNee, compounder of potables at Earl Gray's Rainbow Room, also a wizard on the golf course and a fast-stepping acrobatic dancer, has returned to the Village after a summer spent pleasing the palates of patrons at a swank New York summer resort.

Wild Hose Blacks Eye of Fireman

Fireman Warren Heath this week was busy telling friends they didn't have to ask how the other fellow looks.

There wasn't any other fellow.

That "shiner" and cut cheek he was exhibiting this week was the result of a freak accident while cleaning fire hose this week.

One end of the hose, under heavy pressure, broke loose and snapped back with terrific force, striking him just below the right eye.

Dr. I. W. Lynn, who dressed the wound, said that it missed by less than an inch, of being of a most serious nature.

Licensees Cooperate In Proposal

Mayor Therieau's
Proclamation
Urges All to Act

When V-E (Victory in Europe) Day comes, Palm Springs will make it a day of rejoicing and thanksgiving without the stimulus of alcoholic beverages.

This much was decided by liquor licensees, both off-sale and on-sale this week when they met at the Chamber of Commerce Wednesday morning. More than half of all of the local licensees were present at the session which was called by Chief of Police Lyle J. Sanard at the request of W. E. Boland, of the Riverside office of the state board of equalization.

RESPONSE IS SPEEDY

Mr. Boland explained the plans of licensees in other communities who planned to close their doors the minute the V-Day flash came. He said it was a voluntary movement offered by the licensees to make it a day of thanksgiving instead of a wild celebration.

Local licensees were quick to cooperate and a motion to stop the sale of alcoholic beverages the moment the word comes of victory in Europe was unanimously passed.

REMAIN CLOSED

Markets, drug stores, liquor stores and lounges will cease sale of beverages on word from the police department that Germany's capitulation is official and will not renew sales until they are given the green light by Chief of Police Sanard.

It was pointed out that V-Day means only half of the job is done and there will still be work to be done in the Pacific.

Inside News . . .

It won't all go on Page One. So here's the inside dope: Registration week proclaimed by mayor, Page 12.

City Pool Will Close Tomorrow

The Palm Springs municipal swimming pool project will terminate its second season Saturday afternoon at 5 o'clock, City Manager Ray M. Sorum, said today.

The pool, private property of Frank Cutler and located on his estate on Merito place, started operations late in June. For a while, because of the unusually cool weather, patronage was light but as soon as it grew hotter, business picked up and Mr. Sorum believes the complete report will compare favorably with the first year of operation although last summer was more torrid than this.

Full report of the operation of the pool, made possible through the generosity of Mr. Cutler, will be presented at the next city council meeting by Mr. Sorum.

E. E. Hoppe Makes Rapid Progress Toward Recovery

E. E. Hoppe, well known local nurseryman, was reported making rapid recovery following a serious illness which kept him confined to bed for some days. He is at the home of a sister in Claremont.

Mrs. Hoppe was in the Village this week to arrange for the start of the season. She will divide her time between the local business and Claremont until Mr. Hoppe is able to return which it is hoped will be soon.

Orders are already being filled by the staff for plants and flowers and a big season is anticipated.

In the state of Washington, a woman can not sue for damages for personal injuries unless her husband joins in the suit.

Village Resident Taken By Death At Summer Home

Mrs. Henrietta Carithers, resident of Palm Springs, died last Friday afternoon at her summer home in Pomona at the age of 89.

A native of Rome, Ga., born there on Dec. 7, 1855, she came to California in 1893 and resided at Pomona until ten years ago when she moved to the Village. Her husband passed away in Pomona in 1909.

This year she went to Pomona for the summer in May and contracted her fatal illness there. She is survived by a daughter, Miss Balm Carithers, of the Village.

Funeral services were held Tuesday afternoon at Todd and Reeves Chapel in Pomona with the Rev. Harry G. Earle in charge.

The fact that accidents will happen may account for a lot of the different salads concocted this summer.

Vast Expansion Program of Ferrying Division And Great Contribution to War Effort Told By Brig. Gen. Nowland

Explaining the vast expansion and great contribution to the war effort of the Ferrying Division of the Air Transport Command, of which the 21st Ferrying Group of the Palm Springs army air base is an integral part, Brig. Gen. Bob E. Nowland, new commanding general at the Ferrying Division, issued a comprehensive statement at his headquarters at Cincinnati last week.

The 21st Ferrying Group, Lt. Col. Albert E. Higgins, commanding officer, is playing a prominent part in this tremendous world wide program, at the local air base.

OVER 27 ROUTES

Ferrying Division crews are now operating regularly scheduled transport service over three foreign routes and by Sept. 15, 1944, regularly scheduled military transport service will have been established over 27 domestic routes, Gen. Nowland said.

On August 1, 1944, Nowland assumed command of the Ferrying Division succeeding Brig. Gen. William H. Turner, transferred to an overseas assignment. General Nowland was familiar with operations of his new Command because for the previous year he had been Chief of Staff at Headquarters Air Transport Command, parent organization of the Ferrying Division.

The ferrying mission, first and most important of the Ferrying Division's jobs, continues to keep pace with American aircraft production. The Ferrying Division's training mission has shifted to emphasis on multi-engine aircraft in anticipation of the production trend. But it has been in transport, both domestic and foreign, General Nowland noted, that the organization has had most growth.

SET RECORD

In the first half of 1944, Ferrying Division crews established a record of 40,000,000 ton miles over foreign routes maintained by foreign divisions of Air Transport Command. The Fireball route terminating in Miami, Fla., and extending thousands of miles toward India, has been in operation since Nov. 16, 1943. Two new foreign routes announced by General Nowland are the Crescent and the Snowball.

The Crescent route has linked the Atlantic seaboard with India

and the planes traverse approximately 11,000 miles in reaching its Far Eastern terminus. It extends across North Africa to Cairo and beyond.

The Snowball route makes its over-water hop along the North Atlantic route and literally provides an aerial shuttle service between North America and the United Kingdom. It began regularly scheduled operations daily on July 1, 1944. C-54's are also used in this operation.

BRING WOUNDED HOME

The C-54s are equipped with litter equipment which makes it possible to transport war-wounded home for hospitalization. It was revealed that recently the Snowball route has been moving 1,100 pints of whole blood daily from the United States to the United Kingdom for use by our armed forces.

Almost 13 billion pound miles of mail have been recorded by the Ferrying Division in foreign operations since the middle of November, 1943. This was established in scheduled transport operation and in foreign ferrying. The Army Postal Service is doing an enviable job in handling mail between soldiers, stationed throughout the world, and the home folk. The Ferrying Division is proud to assist in that service.

Since early in the war, commercial airlines maintained a domestic military cargo service under contract with Air Transport Command. These domestic military contracts began terminating in mid-summer of this year and the Ferrying Division began assuming responsibility for continuation of the service. By the end of the year, Ferrying Division crews will be flying all the domestic military planes which, however, are converted to other uses in order to attain complete efficiency in operation.

Military Air Transport is do-

Villager to Spend 4 Months in Jail On Morals Charge

John Oluff, resident of the Village for the past five years, was in county jail today, winding up the first week of a four-month sentence on a morals count.

Oluff was arrested in company with an adult Indian woman in the southern section of the city by Officer Joe Smoot following complaint by a nearby trailer resident.

Taken before Judge Guy Pinney he was sentenced to four months in county jail, one day suspended. Constable Clarence Templeton took him to county jail Monday.

mestic in scope and is three-fold. The planes are used to (1) transport crews, thus relieving commercial airlines of a certain percentage of priority traffic and making space available to the general public; (2) transport vital material and raw products between factories and between coastal depots and factories; and, (3) transport war wounded between hospitals and between coastal hospitals and hospitals close to the patients' homes. The aircraft function interexchangeable between the three missions.

On August 1, 1944, the Ferrying Division had in operation daily domestic transport service extending over 55,086 miles. By Sept. 15, daily service will be in operation over 27 routes which will touch 63 cities.

MAJOR OPERATION
Ferrying continues to be a major operation in the Ferrying Division. It is now possible to reveal that nearly 5,000 American-made aircraft have been flown by ferrying pilots to an Arctic rendezvous with pilots of Soviet Russia, since September, 1942.

During the first six months of 1944, approximately 150 million miles were flown by Ferrying Division crews in operations which extended throughout the world. This represented an increase of more than 100 per cent when compared with the figures for the same period in 1943.

Pfc. and Mrs. D. L. Cullison, who have made their home in Palm Springs for the past 22 months while Pfc. Cullison was stationed at Torney General Hospital, are leaving this weekend for Walla Walla, Wash.

Dugout Committee Meets to Discuss Plans For Season

The American Legion Dugout committee met Friday evening at the chamber of commerce building in the first meeting of the season with Gordon Feehings, Arthur Wills Charlie St. George, Charles Mathews and Dick Taylor, chairman, in attendance. Marvin Sale was unable to attend. Charles Mathews, well-known realtor was recently appointed to the Dugout committee.

Plans were discussed for moving the Dugout's new home which, through the generosity of Mrs. Nellie Coffman, will be on the grounds of the Desert Inn, on October 1.

Up for discussion also and for final approval was the Dugout budget for 1944-45. The funds used to operate the Dugout are furnished by the War Chest committee, of which Tom Holland is chairman.

The ever increasing need for facilities for service women was discussed, and it was decided to change the established policy of the Dugout so as to include this group. It was emphasized, however, that as in the past, the facilities of the Dugout are for service men and women only.

Gordon Feehings reported that the Palm Springs music company has kindly offered to make the necessary repairs to the Dugout juke box, and to also furnish records which will mean much to the men who enjoy music. It is planned to hold meetings of the Dugout committee monthly.

FIRE-FIGHTING SCHOOL ESTABLISHED IN NSC

Establishment of an Army Engineer Corps fire-fighting school—the only such military training unit in the country—at Fort Lewis, Washington, was announced at the headquarters of the Ninth Service Command, by Major General David McCoach, Jr., commanding general, at Fort Douglas, Utah.

Purpose of the school is to train soldiers in the latest methods of fire prevention as well as fire suppression of aircraft and structural blazes.

"Soldier" was derived from the Latin word "solidus," meaning a solid piece of money.

FOR SALE

Desert Ranch

165 acres, approximately 1/2 cleared, levelled and piped, successful crop record, excellent conditions for early grapes, two good wells, two ranch houses, hay barn, equipment shed and packing house—15 minutes below Palm Springs in rich soil district.—Priced low at \$32,200—1/2 cash.

Good two-bedroom house, furnished, immediate possession—\$7000.

Attractive three-bedroom house—ready to move into, outdoor patio and grill, sun-deck—close in—\$12,000.

11-unit apartment buy, priced at approximately four times gross income—\$10,000 cash will handle.

25-ft. front business lot—Zone C1—\$25.00 per front foot.

120-ft. lot, single family zone, La Rambla District—\$600.

Fall And Winter Schedule Now In Effect At Library

Miss Dorothy Bear, librarian at the Welwood Memorial Library, this week announced the new fall and winter schedule of hours at that institution.

Mondays through Fridays, the library will be open from 10 a. m. to 7:30 p. m. On Saturdays the library will be open from 10 a. m. to 5 p. m.

Milton Mack Opens Real Estate Office With Ernest Grill

Milton Mack this week was granted a license by the state real estate board and is now associated with Ernest Grill in the real estate office at 332 North Palm Canyon drive.

Well acquainted with many of the leaders of the Hollywood movie colony, he said he already had several clients there on the look-out for Palm Springs property.

Want to Hear Fish Stories? Just Talk to George Oliver

Speaking of fishing—You should listen to George Oliver.

He caught more than a ton of albicore in two days off Catalina Island.

When you brag about that trout you caught that was just about a quarter of an inch over the age of consent, consider Mr. Oliver.

On Labor Day he hauled in 700 pounds of albicore. On the next day, he dragged in 1400 pounds. Then remember that the canneries pay \$325 a ton for albicore.

Oliver went to Catalina to visit a friend who runs a commercial fishing boat and spent seven days at sea with eight trolling lines in his charge. So the next time you shoot some points for Chicken of the Sea it may be part of George Oliver's catch.

For Essential Transportation—U-Drive Cars. Phone 4444.

BROTHERS IN PACIFIC — Pfc. Rupert Denier, Jr., now stationed in New Guinea, and on the right, his younger brother, J. F. Denier, Jr., who is in the Aleutians. The two men are sons of Mr. and Mrs. Jay Denier, formerly of Palm Springs, now living in Banning.

Brothers In Different Parts Of Pacific

Up in the bleak Aleutian islands, Pfc. J. F. Denier, Jr., is stationed with the U. S. Army, while in the South Pacific, in New Guinea, his brother, Pfc. Rupert Denier, is helping the U. S. win the war against the Japanese. They are the sons of Mr. and Mrs. Jay Denier, former Villagers, now living in Banning.

Pfc. J. F. Denier was the first of the brothers to enter the service, enlisting in July, 1941, in the engineering corps of the army. He went first to Camp Leonard Wood, Missouri, for training. After six months at that camp, he was transferred to Vancouver, British Columbia, and then to the Alcan highway. He worked on the highway from the day it was started until it was completed. A short visit home at Christmas, 1942, was sandwiched in between the completion of the highway and the assignment to the Aleutians in March, 1943.

ATHLETIC STAR

Pfc. J. F. Denier is a former Beaumont high school boy, graduating with the class of 1939. He played on the football team during the years he was in high school.

After induction into the Army in September, 1942, Pfc. Rupert Denier went first to Camp Roberts, where he trained with the quartermasters corps, later being transferred to the military police in which branch of the service he still remains. From Camp Roberts he was transferred to Michigan for further training and about two months ago was sent to New Guinea.

Mr. and Mrs. Denier, Sr., have a son-in-law, Robert Cowden of Beaumont, in the service also. He has been in New Guinea for about three months but so far he and Pfc. Denier have not met although they have exchanged letters.

John Ward Frosh At Pomona College, Already In Band

John Ward, son of Mr. and Mrs. O. M. Ward, prominent in high school affairs while a student at Palm Springs high and a leading Boy Scout here, is now a freshman at Pomona College, Claremont.

Young Ward is majoring in chemistry. His father is a well known local photographer.

Equally adept on the sax, clarinet, trumpet and piano, Ward is already a member of the Pomona band and active in a dance orchestra. While at Palm Springs high he handled the baton for the local school orchestra on many occasions.

Winning Enlarges His Business Here

C. E. Winning who operated a lawn mower shop in the 200 block on South Indian avenue is now located in a larger and better shop at 190 North Indian avenue.

Mr. Winning found last season that there was a real demand for his kind of business here and this year is ready for expanded operations at his new location.

Mr. and Mrs. Horace Pendery plan to return this weekend to their home at 1205 Camino del Mirasol after a summer spent at Lake Arrowhead.

She'll Take Our Brand of Weather And Be Satisfied

Alice C. Guthrie is back in the Village after a summer spent in Waban, Mass. She visited there for three months with her daughter, Mrs. William Shinner, whose husband is a lieutenant in the United States Navy.

Mrs. Guthrie, since her return, refuses to listen to any comments on the heat in Palm Springs. "You should sample some mid-summer Massachusetts weather!" she says.

Gladys Denton, manager of the dining room at the Village Sandwich Shop, is back at her desk there after a vacation spent mostly in Long Beach.

For Essential Transportation—Yellow Cabs. Phone 4444.

First Permanent Wac Assignees Assume TGH Duties

Four members of the first Women's Army Corps detachment to be permanently assigned to Torney General Hospital arrived last week and were immediately assigned as surgical technicians and medical aides, having completed intensive training in these fields at Army training schools.

Six additional Wacs who have had similar training will report for duty at the hospital soon.

HUSBANDS OVERSEAS

Included in the group are two enlisted women whose husbands are now serving overseas, Pvt. Jane Webb, wife of Lt. J. H. Webb, P-47 pilot in India, and Pvt. Sarah E. Reynier, wife of Cpl. A. M. Reynier, overseas since October, 1943, and now in France with the Air Corps. Both are assigned to surgery.

Pvt. Edith Shadel has two brothers in the Navy and another stationed at Camp Blanding, Fla., with the Army. She is now on duty as medical aide in a hospital ward.

THOROUGH TRAINING

These women, all of whom reported for active duty in May, took their basic training at Fort Oglethorpe, Georgia, had four weeks intensive training at the Army and Navy General Hospital, Hot Springs, Arkansas, and completed their training at Wakeman General Hospital, at Camp Atterbury, Indiana.

Pvt. Sarah A. Pierce, also serving as a medical aide was transferred to Torney from the Army Air Field hospital at Pyote, Texas. She reported for active duty in February and took her basic training at Fort Des Moines. Pvt. Pierce has had several years hospital experience in Los Angeles county.

James Walseth of Cathedral City plans to return there next week from Idyllwild where he spent the summer months.

The Desert Sun—3

Large Cast From Air Base Ready to Present "Air Farce," Musical Laugh Riot, Tomorrow At The Plaza

The first musical show ever given by the personnel of the 21st Ferrying Group will be presented at the Plaza Theater this Saturday evening at 8:30 p. m.

The show, entitled "Air Farce", is a gay, musical revue with a cast of more than 50 soldiers, Wacs, and civilian employees of the air field.

The show is being sponsored by the Officers' Wives Club of the field, and tickets are on sale to all civilians, officers, and their wives and families.

WHERE TO GET THEM

Tickets may be purchased at the following places on the air field: Officers' Mess, Commissary, Post Exchange, Officers' Club, Civilian Personnel Office, La Paz, Special Service Office, and Post Theater.

In town, tickets are on sale at the Palm Springs Drug and Import Co., Bank of America, Palm Springs Theater, and Lykken's Department Store. The price of admission is \$1.50, including tax.

Last night the show was presented free of charge to all enlisted personnel and their families, including the men of Torney General Hospital.

FULL OF LAUGHS

"You have heard of 'Winged Victory', you have seen 'This Is the Army', you have laughed at 'Hey, Rookie', but you haven't heard or seen anything until you see 'Air Farce'. As far as laughs are concerned, here is the perfect formula. Take Pvt. Donald O'Connor, former Universal star, mix well with seven riotous, zany sketches, and what do you have? 50 giggles, 200 guffaws, and 1,000 belly-laughs," say those who saw it last night.

"Take all that, and add eight out-of-this-world tunes, which were written especially for this show, and a million dollars worth of G. I. talent, and it all adds up to 'Air Farce'."

Baby Son Arrives For Wayne Stringers

Mr. and Mrs. Wayne Stringer of Palm Springs were receiving congratulations this week over the arrival of a new member of the family.

A son was born to Mrs. Stringer at Loma Linda hospital September 5.

Weber's BREAD-TIME STORIES

KITCHEN TRICK

HERE'S A GRAND tip to use when canning. If you will moisten corn meal with vinegar and apply to your hands, you will remove fruit stains from your hands in a few minutes.

HOUSEHOLD HINT

TO GIVE A professional look to your tablecloths when ironing them, remember to press the center crease only. All other folds should be made by hand as ironed creases do not lie flat on table.

RECIPE

LIMA BEANS AND SHRIMP

1 c. shrimp 1 1/2 tbsp. flour
3 c. lima beans 1/4 c. milk
2 tbsp. butter 1/4 c. grated cheese

Arrange alternate layers of cooked lima beans and shrimp. Make a thin white sauce with milk, butter and flour. After sauce thickens, add grated cheese then pour over shrimp and beans. Cover with Weber's Bread crumbs, bake 1/2 hour.

FOR BABY'S FUTURE

BUY A WAR BOND every month for the baby you love. Every Bond means a brighter future for him or her and is accompanied by a U. S. Treasury Gift Certificate designed by Walt Disney. Buy now—buy often—buy more.

GOOD EATING

EVERY SLICE of Weber's Enriched White Bread is extra delicious and extra nutritious. There is added goodness in its fresh, rich flavor of whole-grain cereals. Make Weber's Enriched White Bread a basic part of every meal.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs
(Sgt. Robert D. Price)

PATIENTS FROM WAR FRONTS AT TORNEY

Three officers and seven enlisted overseas casualties were admitted as patients at this hospital during the past week, brought to the United States from Italy, France, North Africa, England and the China-Burma-India theatre of operations. Six were flown to this installation from Coral Gables, Florida, and four from Mitchell Field, N. Y. All were brought by hospital planes to this country from the various overseas stations.

Capt. Carl G. Whitson saw considerable action in the China-Burma-India theater under Lt. Gen. Joseph W. ("Vinegar Joe") Stilwell. 1st Lt. Milton L. Farmer was stationed at Iran and 2nd Lt. Melvin J. Weyand served in Italy and is at present recovering from multiple wounds received at that front.

IN BURMA THEATER

Both Sgt. Edgar J. Moore and T/4 Robert Dougherty were stationed in the CBI theater. Sgt. Moore was assigned to a Railroad Operation Battalion in northern Assam and often came into contact with the famed "Merrill's Marauders" serving under Brig. Merrill.

Two of the patients, Pvt. John A. Cervantes and Pfc. Servando Gonzales, saw action in France, both taking part in the Invasion. Pfc. Tony Hamming was returned to the United States from England for hospitalization.

ON ANZIO BEACHHEAD

Pfc. George Wadlow was injured at the Anzio Beachhead on May 24 and transferred by plane to the United States on August 22. He spent three months at the front lines. Pfc. J. T. Farrar, assigned to a QM Truck Co., met the enemy in North Africa, where he has been stationed sixteen months, and was sent from Africa to Torney General Hospital via Coral Gables.

Villager, In Nazi Prison Camp, Feels Release Is Near

Mr. and Mrs. F. J. Smithwick have returned to the Village for the winter season after a summer spent in Los Angeles.

Mrs. Smithwick said that she had just received a letter from her son, Capt. Michael A. Smithwick, 22, a prisoner in Germany. Capt. Smithwick was reported missing in action late in August, a year ago, and then in September, his parents were informed he was a Nazi prisoner. He was on a bombing mission when his plane was shot down.

The latest letter to his parents was cheerful in tone, giving evidence that although the Nazis were keeping the prisoners of war in ignorance of the trend of the war, the men held captive sensed the allied progress and were hopeful of release soon.

one of the finest NCO clubs on any post or station on the West Coast.

ELECT NEW OFFICER

Non-Commissioned Officers of Torney General Hospital, met recently in the local club house to hear the report of the nominating committee and to select new officers for a six month's term.

Officers selected by club members at the Monday evening session included T/Sgt. Forrest I. Graffice, president; Tec-3 Norbert A. Todd, vice-president; S/Sgt. Clifford H. Smith, treasurer, and Tec-4 Charles L. Singerman, secretary.

A new slate of members of the senior board of governors was voted on with T/Sgt. Freeman Holmer, S/Sgt. Charles P. Hartwig, and S/Sgt. Roland V. Koehl leading the list to assume office. The membership of the junior board of officers for the ensuing half-year will be comprised of Sgt. Dale Imes, Tec-4 Ernest C. Plantanida, and Cpl. Dwight L. Moody.

PRESENTED BUTTONS

Honorable Discharge buttons were pinned on two former patients of this hospital, Sgt. Aubrey B. Brown and T/5 A. J. Jackson, by Lt. Kenneth W. Newman at a special ceremony in the Administration Building on Wednesday afternoon, September 6. Both received medical discharges.

Sgt. Brown, formerly stationed at Camp Haan, is returning to his home in Columbus, Ohio, and Cpl. Jackson, last stationed at Camp Swift, Texas, has left for Caldwell, Idaho.

USO-SHOWS PRESENT HIT

USO Camp Shows Hospital Unit No. 10 brought top entertainment to patients and personnel of TGH, last Wednesday night, Sept. 6, with a sparkling offering headed by that top-notch comedian of stage, radio and screen, Benny Rubin.

Benny's laugh-getting patter and comic dialect ditties set a merry pace for the presentation. Known as the Wizard of the Strings, Roy Smeck aptly demonstrated on a variety of stringed instruments why his recording sales have always been among the leaders. Smeck makes an electric kuitar sing, dance, laugh, cry and had the audience begging for more.

Sophisticated comedy magic at its best was provided by Ade Duval and Company.

Pat Gaye, vocalist of the torchiest Torch variety and Dorothy Drew, exponent of the dancing twirl, added the "cheese cake" touch. Anne Loring and Max Rich handled the accompaniment chore in fine style.

IN OPERATION—The new Receiving and Disposition building at Torney General Hospital, now in operation and an aid to greater efficiency.
(Army Signal Corps Photo)

New Receiving And Disposition Building In Operation At Torney Greatly Increasing Efficiency

With final installation of equipment completed in Torney General Hospital's recently constructed Receiving and Disposition building several offices formerly housed in other buildings are now centralized under one roof for greater efficiency in operation of the hospital.

The receiving and Disposition offices through which all patients are admitted and discharged occupy a main section of the building adjoining the office of the custodian of Patients' Funds and the office of the Detachment of Patients Supply Sergeant which includes storage space for personal equipment of approximately 1000 men.

FULLY EQUIPPED

Rooms for the Medical, Surgical and Administrative Officers of the Day are located in the new building as well as a huge shower room where all ambulatory patients are required to bathe before admittance, and a completely equipped emergency room for treatment of incoming patients whose condition necessitates immediate emergency care.

One of the larger rooms has been assigned to the Information and Education Branch as an orientation and reconditioning classroom, and for meetings of the medical and surgical staff. Another room will house the hospital's extensive medical library.

Admittance and discharge of patients is a fairly complicated process requiring constant attention to scores of minute details, all of which have an important function in one of the many phases of security which Uncle Sam affords hospitalized soldiers.

ALL DATA RECEIVED

On admitting a patient, the Receiving office obtains accurate personal information relative to home address, emergency address, organization, length of service, etc. Necessary forms for each patient include a card to be mailed to his nearest relative stating that he has been admitted, a ward card, post location card, information form for the Reconditioning Officer, and if he is from overseas, letters to the San Francisco and New York Ports of Embarkation, announcing his arrival at the hospital, with pertinent information on previous hospitalization.

Clothing and equipment of patients are stored with the Detachment of Patients Supply Sergeant who checks every article, sending out all which require cleaning, laundering or repair, so that on discharge a patient leaves the hospital with his equipment in perfect condition.

AMONG MOST ACTIVE

Patients given leave or furlough also pass through the Detachment of Patients Supply office and the Receiving and Disposition office, so that these two

Lt. George Oliver Home on Furlough Visiting Parents

Lt. George E. Oliver, son of Mr. and Mrs. George T. Oliver, was in the Village this week, visiting his parents.

He has been in special training at Camp Gordon Johnson, Florida.

Before starting this special training on June 16, Lt. Oliver was the highest of a class of 55 graduates from Officers Training School.

John E. Gates Now Sailing High Seas

John E. Gates, formerly of Gates Nut Kettle and well known in the Village, is now on the high seas and has been for some time according to word to friends in the Village.

Gates, Rdm. 3/c, has made several trips through the Pacific theater of war and is now on the Atlantic.

Lt. Johnson Now At Montana Port

Second Lieutenant Robert M. Johnson, of Palm Springs, reported for duty with the Seventh Ferrying Group, Ferrying Division, ATC, at Great Falls, Mont., on Sept. 2, according to word from that base today.

His wife, Mrs. Polly P. Johnson, resides at 1675 San Jacinto way.

Radio Chapel Will Be On Air Sept. 24

The "Radio Chapel" program of the Mutual Broadcasting System will be conducted Sunday, September 24, from 7:30 to 8 o'clock, over Station KHJ, Los Angeles, and other Mutual stations in this area, by John J. Selover, Christian Science Committee on Publication for Southern California. The subject will be "Liberty."

departments are among the most active on the post.

Although some sections are still in process of activation, the building, being one of the most centrally located, is rapidly becoming the hub of the hospital.

Lines Back After Interesting Weeks Atop Tahquitz Mt.

Winfield H. Line and his wife, Dr. Grace Dong Line, returned to the Village this week from their vigil at a Lookout station atop Tahquitz peak, 8826 feet up. While it may have been lonely, it certainly was cool.

Mr. and Mrs. Line, visiting Idyllwild, took a hike up to the Tahquitz lookout station and the ranger, stationed there, mentioned during course of conversation, that he was lonely and would like to be relieved. The Lines volunteered, passed the necessary tests, and went to the station late in July to take up the fire watch.

They spotted the Table mountain fire while it was still an incipient blaze and several other fires. The Table mountain fire grew into the week-long blaze that swept the Santa Rosa south of the Village.

While at their lonely station they captured two ring-tailed cats which they brought with them and are now trying to tame.

They left this weekend for the coast where Dr. Line, a native of Korea and well versed in the Far East and its wars and politics, will speak.

Counteracted

She was one of those women who always worry. So her husband was not alarmed when, as they sat in the cinema, she exclaimed suddenly:

"Oh, John, I forgot to turn off the electric iron!"

"Don't worry, m'dear," he replied cheerfully. "I forgot to turn off the bath tap, so it will be quite all right!"—Montreal Daily Star.

Not So Easily Retrieved

Daddy, teaching Jimmy to dive, managed to fall clumsily off the diving board. "I just lost my equilibrium," he explained, as he paddled toward the shore.

"Never mind," offered Jimmy, "I'll dive down and get it for you!"

In many states, including Idaho, Virginia and Texas, there are no laws by which an unmarried mother may demand aid from the father of her child for its support.

"Work up to a four star general—then you're stuck—no chance for promotion!"

Cathedral City

By W. R. HILLERY

Even the \$200 release of building material is doing things here.

The immediate answer is that Mr. and Mrs. W. E. Kelley who have recently purchased a dwelling from R. B. Cregar have started tearing the place apart and will remodel it nearer to the heart's desire. Mr. and Mrs. Frank L. Greene, the new owners of the unfinished Juanita Tennis house, are planning to immediately do sufficient work to make the place comfortable. Several others have jobs that are crying for just about what is permitted by the Government. Mr. and Mrs. Willard Price are home minus Jonathan Feline Price who succumbed to something or other during the Price family travels this summer. John Nachant, we are told, came home from San Diego just long enough to burn his nose and scampered back south for a few more days or weeks of seaside climate.

Mr. and Mrs. W. L. Jordan accompanied by Mr. and Mrs. Emil Greener, were here during the weekend. The Jordans expect to reopen their season about the 25th of this month and the Greeners who bought the Larri-son residence, plan the construction of a shop on the property where they will carry on their venetian blind business.

Now here is some good news for at least some of us. I began warning our locals to stock up on fuel oil during the summer as I had heard there would be a shortage this winter and then came the announcement that fuel oil would be rationed under government supervision. However, I understand from our distributor that aside from a possible cut of 25% below what we used last year, that regular customers would be served but that absolutely no new service could be furnished.

About every so often I have mentioned the name of Col. Charles Perry and Mrs. Perry as one couple who had definitely said they would return to the desert to live after the war. Last weekend, we were pleasantly surprised when Mrs. Perry, accompanied by Mrs. Miazza, also an officer's wife, drove in for a visit while on their way to the coast. Those who served on the Observation Post of the Aircraft Warning Service will remember Mrs. Perry as one of the observers who could make the 4 a. m. shift or any other time that was down on the log and neither miss her shift or be late. Although Col. Perry was at Camp Young, we enjoyed our limited contact which smoothed the understanding between the army at war and the civilians. That's just one more reason we want the war to end

so the Perrys will be coming home.

We had a real party at our place this week. Not a surprise but one complimentary to Mrs. Edna Cobb with a group of our mutual friends. Trickle runs down our noses and wherever trickles run but everyone I'm sure had a good time. Claude, as an engineer of robot building, is a genius, for his creation of "Sultry Sussie" was a masterpiece.

E. J. and Mrs. Wheeler returned this week from their summer spent at Yosemite. Both are bronzed and healthy looking and E. J. looks more like a night-fighter Blackwidow now than the blimp proportions he took to Yosemite. Miss Oline Saness is smiling again to have her sister and brother-in-law back in the village. Mrs. Ida Weeber, who chummed most of the summer with Miss Saness, was a part of the welcoming party.

Who should blow in this week but Leonard Bryant after service in the Pacific. Leonard didn't tell me what sort of war vessel he served on but this may give you some idea.

I asked him if he was in any scraps and he acknowledged at least Guam. I asked him if he saw real fighting and he told me he was not sure, that his ship lay off shore and shelled the island and that they could see bomb and shell bursts and with glasses could make out that a fight was in progress but the distance was too great to distinguish individuals. Leonard has 20 days leave and came ashore to promptly fall a victim to a bad cold. He came on to Palm Springs and discovered his mother was in Riverside with her sister. I asked Mrs. Bryant how soon she started for the desert after hearing Leonard on the phone. She said, "Just as soon as I could grab a ride." Leonard was a Palm Springs high school student up to the time he left to enter the Navy.

Spoke to Frank Shannon today. I do wish that he and Mrs. Shannon would settle in our village when he comes back from his long-planned eastern visit. I'm not wishing Palm Springs any bad luck but the Shannons have always been so kindly disposed toward Cathedral City during its struggle to grow up as a decent village that I imagine they would be happy here.

Isn't It True?

A reader of the Indianapolis News insists that a feminine war worker's popularity is determined these days by the number of share-the-ride clubs she is invited to join.

Sam And Leo Will Open New Market Here Tomorrow

A new market, featuring quality merchandise, opened its doors in Palm Springs today when Sam Satlitz and Leo Baker, of Sam and Leo fame, started operations at the El Paseo Market, 816 North Palm Canyon drive, in the El Paseo building.

Sam and Leo will alternate as managers of their two stores, the El Paseo Market and the Plaza Delicatessen and Liquor store in the Plaza. Their El Rey store has been closed.

They will operate the entire El Paseo Market themselves and specialize in quality merchandise, handling high class groceries, meats, vegetables, delicatessen and liquors. Both imported and domestic items will be featured.

Three huge Walk-In refrigerators have been installed, one for meats, another for vegetables and a third for dairy products, delicatessen items, soft drinks, wines and beers.

Sam and Leo are voluntarily complying with OPA regulations on deliveries to cut gasoline consumption but as soon as gasoline rations become less strict, they plan an extensive home delivery system.

Start Over Again

"This theory of governing children by appealing to their reason isn't all it's made out to be," said a worried school teacher recently. "A youngster needs a little spanking once in a while."

One of my boys had skipped his classes, deceived his mother, been found out, and caused much unhappiness all round. I took him aside, and we had a heart-to-heart talk. Johnny sat still, looking at me intently.

"I thought I was making great headway. I never saw a child who seemed so absorbed, even fascinated, by my line of argument. But you can never tell. Just as I had reached the climax in my appeal to his better self a light of discovery broke over Johnny's face."

"Please, teacher," he said, "it's your lower jaw that moves, isn't it?"—Exchange.

In London, watermelons are \$7 apiece, grapes \$5 a pound and pineapples \$16 each. And you're kicking?

Things you may not know about a busy western neighbor

Southern Pacific has been a part of western life for three quarters of a century. We've had our share of brickbats, and we've had our share of praise. Mostly we've been taken pretty much for granted, like the paper boy or the milkman.

Since Pearl Harbor, though, people generally have regarded Southern Pacific and the other railroads with new understanding and appreciation. Now, when the chips are down, they seem to realize how indispensable the railroads really are.

Because of Southern Pacific's strategic location in relation to the war against Japan, we have been called upon to carry an enormous westbound burden. In addition, we are handling vast quantities of raw materials and finished products of greatly expanded western industries, plus an abnormally large east-bound movement of foodstuffs.

The six facts below may help explain the unprecedented burden we are carrying, and why our service to civilians is not as good as we'd like it to be:

1 In freight and passenger volume, Southern Pacific is the third largest railroad in America. Only the Pennsylvania and New York Central are carrying a bigger load than Southern Pacific.

2 Southern Pacific's 15,000 miles of line (more than any other United States railroad) are predominately single track, requiring the most accurate and exacting kind of railroading.

3 Southern Pacific serves more military and naval establishments than any other railroad in the U. S. From New Orleans to Portland an endless chain of air bases and encampments adjoins our line.

4 We serve more military meals to personnel of the armed forces than any other two U. S. railroads combined. And, of course, service men and women have first call on our restricted ration points.

5 Southern Pacific crosses innumerable mountain ranges, and has to climb more major summits than any other U. S. railroad. It takes more locomotives to pull trains up steep mountain grades.

6 Southern Pacific has the main north and south line along the Pacific Coast, serving the principal ports of embarkation from San Diego to Portland. Naturally, troop trains must come first with us.

Atmosphere of Harmony as State and Utilities Seek Fair Tax Basis

The next hearings in the California Railroad Commission's investigation of current utility rates in California have been scheduled for September 11 and 12 in San Francisco. The investigation directed at the Southern Counties Gas Company was concluded Tuesday, August 22. The final hearing was largely devoted to a cross-examination of witnesses for the Commission.

The two Los Angeles sessions of the general hearing (August 18 and 21) were marked by an atmosphere of harmony and the serious desire of both Commission members and utility representatives to arrive at a sound basis for utility rate handling under war conditions.

The statement of Attorney William Clary, representing a group of utilities, proved a highlight with an analysis of the law governing utility rates in which he cited United States Supreme Court decisions to prove that the amount of taxes paid by a

utility is not a legal basis upon which to set rates. The only criterion upon which rates can be set is a fair return on the investment.

Clary pointed out that tax liabilities which were incurred could not be disallowed as operating expenses, and further emphasized that any rates which shall be fixed in California must take into account the period in the future during which such rates will be effective. Obviously, therefore, the amount of post war reconstruction and re-employment faced by the companies

Local Congressman With U. S. Party On England Tour

Congressman John Phillips is one of 12 members of Congress invited by the British government to come to that country to study labor and agriculture conditions. The Congressmen are being taken to England two at a time. Arrangements are being made by the British government for interviews with any leaders the Congressmen may wish to meet. It is understood they will also be given full information on robot bomb damage.

Congressman Phillips left Washington, D. C., by British clipper plane, Saturday night, and expected to arrive in England in time for lunch Monday.

It is possible that the Congressman may visit France before he returns to the United States by boat about October 1.

No Pink Salmon

Pink salmon, the major species in the Puget Sound area, occurs in important quantities only in alternate years, and 1944 is an off year for this species.

Most light bulbs have a life of from 1,000 to 3,000 hours. You will save bulbs and electricity by turning them off when not needed. Use good quality bulbs of the right size for your needs. A 100-watt bulb gives more light, costs less to buy and less to operate than two 60-watt bulbs. Buy lights with the proper voltage rating for your current.

involved must be taken into consideration. His clear and impartial analysis produced an obvious effect on the Commission.

HERE NEXT WEEK—Betty Field and Joel McCrea are co-starred in "The Great Moment", with Harry Carey, William Demarest and Franklin Pangborn at the Palm Springs theater next Thursday and Friday.

Portable Retreat

"... Otherwise Tito follows no special routine. He likes to shave every day, even in action, hiding in the brush..."—Daily Paper, spotted by Punch.

To fasten something to angle iron posts, cotter pins will prove much better than short tie wires. Spread and slip the keys over the fence wires, then insert them in the holes in the iron post, after which they are clinched tightly.

The thickest known coal seam in the world is in a mine near Cologne, Germany.

LEGAL NOTICES

NOTICE OF INTENDED MORTGAGE Under section 3440 Civil Code of the State of California

NOTICE IS HEREBY GIVEN: That Arthur E. Bailey and Lee B. Bailey, Mortgagee, whose address is Box 316, Lake Arrowhead, County of San Bernardino, State of California, intends to mortgage to Bessie E. Curry, Mortgagee, whose address is 383 North Indian Avenue, in the City of Palm Springs, County of Riverside, State of California, the following described personal property, to-wit:

All that certain business, equipment and fixtures of a certain laundry known as Desert Hand Laundry and located at 383 North Indian Avenue, in the City of Palm Springs, County of Riverside, State of California, and that an executed mortgage of the same will be delivered and the consideration therefor paid at 10:00 o'clock A. M. on Tuesday, the 26th day of September, 1944, at the escrow department of the Bank of America N. T. & S. A., Palm Springs Branch, at 10:00 a. m., in the City of Palm Springs, County of Riverside, State of California.

DATED September 7, 1944.
BESSIE E. CURRY
Mortgagee

NOTICE TO CONTRACTORS

Notice is hereby given that the Board of Trustees of the Desert School District of Riverside County, California, will receive bids for furnishing all labor, material, transportation and services for the construction of office and shop additions at the Frances S. Stevens School in Palm Springs, California, in accordance with plans and specifications by Albert Frey, Architect, 869 North Palm Canyon Drive, Palm Springs, California.

Said plans and specifications are available at the office of the architect. In accordance with the Labor Code of the State of California the minimum wages paid on this project shall be not less than the "Prevailing Wage Rates" established for this area. The successful contractor will also have to comply in every respect with maximum Price Regulations issued by the Office of Price Administration.

Bids are due at the office of the architect on September 18, 1944, at 10 A. M. and shall be opened there in public at about that time.

Signed: FRANCIS F. CROCKER

Clerk of the Board of Trustees

Postcards for France Are Now Being Accepted

Postmaster R. M. Gorham has been notified by the postoffice department that postcards addressed to France can now be accepted for mailing.

Plain (non illustrated) post cards in English or French on personal or family matters, may be mailed to civilians in occupied France to the following localities: Creully, Cantons of Douvres, Bayeux, Ryes, Tilly, Caen, Balleroy, Trevieres and Isigny-sur-Mer in department of Calvados, as well as cantons north of and including St. Malo-de-la-Lande, St. Sauveur-Lendelin, Coutances, St. Jean-de-Daye, Periers and St. Clair-Sur-l'Elle in department of Manche.

The postage on these cards is 3c and no letters will be accepted yet for transmission to France.

Reinforce Line To Palm Springs

A crew of 40 men are now laying a six-inch line from Beaumont to Sunset avenue in Banning and along George and Nicolet street to Eighth for the Southern California Gas company. The purpose of the new line is to reinforce pressure for Banning and Palm Springs. The Signal Pipeline company is doing the work.

If you have a dog, cook him some cornmeal in the water in which vegetables have been cooked. Divide the dog's daily ration into three meals, instead of two. He does not get so hungry then and does not eat so fast.

A shortage of graduate pharmacists has resulted in the closing, since 1940, of about 8000 pharmacies, it is reported.

Riverside County NEEDS A State Senator

Riverside county has needed a State Senator for the past two years. The State Senator's office in Riverside county has been vacant ever since John Phillips resigned to go to Congress, so, for the past two years, Riverside county's lot in the State Senate has been taxation without representation. Who's responsible for this state of affairs? Riverside county needs a State Senator or it doesn't need one. If it needs one it should have had a State Senator during the past most important two years in the history of this county and our State. If Riverside county doesn't need a State Senator, why should we waste the taxpayer's money in electing and maintaining one now?

Obviously, if Riverside county is to share the benefits and responsibilities with the other California counties, it should have had, during the past two years and must have continuously hereafter, highclass, progressive representation in the State Senate by a Senator from Riverside county. Then who's responsible for Riverside county's not having a Senator during the past two important war years? Answer that question and you will solve one of the sorriest political maneuvers ever put over on the good people of this county.

Could it be the State Senator's office was deliberately held open during these two years to the detriment and at the expense of the people of this county by a man who wanted the Senate job for himself? If that is the case, the man thereby proves to us he has no respect for the welfare of the people of Riverside county and less respect for the democratic processes of government. If this is the case that he has deliberately held open the office so that he, like a king, could fall heir to it, and there is no other logical excuse for this county's being without Senate representation in Sacramento, he thereby puts his own interests above the welfare of the people of Riverside county.

Riverside county needed desperately a State Senator in Sacramento during the past 2 years. The people in the county have been greatly injured by not having representation in the State Senate and as a result Riverside county people need to, at this time, take this matter into their own hands and serve notice by the most overwhelming protest vote ever recorded in Riverside county against the condition that has been brought about through one man's keeping such an important office for the sole purpose of satisfying his own personal political ambitions.

Riverside county people need to vote against the perpetuation of this condition by electing Frank O. Dunbar, real estate man and rancher of San Jacinto, State Senator from Riverside county.

Everybody in Riverside county knows that Frank O. Dunbar respects the people of Riverside county and that he will serve the people faithfully on a nonpartisan basis as the State Senator from the county. So, let's elect him.

This ad is sponsored and paid for by both Republican and Democratic citizens of Riverside county who feel keenly the damage done this county and who are doing their part to correct it. Let's have your help, too. Address Post Office Box 5, Ella Sinclair, Sec., San Jacinto.

Desert District Teachers Return

Mrs. Helen Thomas Peterson, who for many years conducted the La Clase, private school here, has returned from a vacation spent in New York, her parents in Fresno and in visiting friends in San Francisco. She will be on the staff of the Desert school district this year.

Accompanying Mrs. Peterson back to the Village, was Mrs. Marian Fekbert Bell, also on the Desert district staff.

Villager's Stolen Car Found By Police

Last Sunday W. E. Dunn of the El Dorado hotel parked his car before that hostelry and when he came out to use it again, it was gone.

Thursday morning local police were notified by Riverside police that the car had been found there, abandoned on a side street.

Dunn retrieved the car that day.

Teachers to Meet Tomorrow Morning

First meeting of the Desert School district teaching staff of the new year will be held tomorrow morning at 10:30 o'clock at the Frances S. Stevens school, Miss Katherine Finchy, superintendent, said today.

Plans for the opening of school on Monday will be the main topic.

Mrs. Herbert Munson of Montrose, arrived this week to prepare her new home at 1310 North Indian avenue, for the season.

Miss Margaret Needham, telephone manager here, is back from a vacation spent in and around Hollywood and Los Angeles.

Desert District Schedules Ready For Term Opening

Miss Katherine Finchy, superintendent of the Desert School District, today announced schedules for classes at the four schools in the district and also bus schedules.

Kindergarten hours will be from 8:45 a. m. to 11:40 a. m., this being subject to change if a double schedule is found necessary.

HOURS ANNOUNCED

Primary department hours (grades 1, 2 and 3, are from 8:45 a. m. to 11:40 a. m. and from 1 p. m. to 3:29 p. m.

Intermediate department hours (grades 4, 5 and 6) are from 8:45 a. m. to 12 noon and from 1 p. m. to 3:00 p. m.

Junior department hours (grades 7 and 8) are from 8:30 a. m. to 12 noon and from 12:45 p. m. to 3 p. m.

On Monday, the first day of school, the primary and intermediate departments will be dismissed at 2:00 p. m. and the Junior department will have only one session, from 8:30 a. m. to 2:50 p. m.

REGULAR SERVICE

Regular cafeteria service will be maintained with mid-morning milk at Frances Stevens and Cahulla schools with no cafeteria service at Nellie N. Coffman school except milk. Regular cafeteria service will start there on Tuesday.

Miss Finchy announced that a big 60-passenger bus had been purchased by the district and would be here soon.

The same bus service that prevailed at the close of last season will be followed until the new bus arrives, Miss Finchy said.

WORTH SEEING—Ann Miller and Larry Parks, along with Joe Besser and an all-star cast, are seen in Columbia's forthcoming soldier show, "Hey, Rookie", at the Palm Springs theater Tuesday and Wednesday of next week.

MORE ABOUT . . .

Play Days . . .

grades; Mildred Adams, primary, both returning.

Special teachers—Era Franklin, arts and crafts; Kathleen Rye, music; Catherine Khurry, nurse; Billie Lou Floan, library; all returning. New teachers are Helen Emery, girls' physical education; E. W. Emery, boys' physical education; Edna Fleming, domestic science; Dorothy Smith, instrumental music.

EMPHASIZE HEALTH

One of the new courses to be emphasized is a health education program with a full time nurse in charge. Mrs. Emery, besides taking charge of girls' physical education, will also teach physiology and hygiene and also conduct a program of corrective exercise.

Miss Fleming, besides her domestic science classes, will teach in the classroom on health in relation to foods and diet and will correlate her work with the school cafeterias. She will also give instructions on food values and balanced diets.

SOLVE MILK PROBLEM

Miss Finchy said that the problem of milk supply for the school youngsters, which last year was a difficult one, had been completely solved and the schools were assured of an adequate supply of high grade milk this year.

Among the important changes made at the Frances S. Stevens school was the transfer of the nurse's office from its quarters on the stage to a room adjacent to that of the principal. A partition has been constructed, forming an isolation room for children coming in with communicable ailments.

The room formerly occupied by the nurse's office has been converted into a lounge for teachers, equipped with comfortable furnishings.

Mr. and Mrs. Emery are also expert certified swimmers and are prepared to work with the city if and when a municipal pool is built.

AT PALM SPRINGS HIGH

Palm Springs high school will start its school year 1944-45 next Monday with more than half of its teaching staff made up of new teachers.

Miss Mary Louise Gaylord, Henry E. Greeley, Mrs. Kathryn Martin and Paul Summers are teachers who have been here before. Mrs. Martin, Mr. Greeley and Mrs. Summers are the only veteran teachers, however, since Miss Gaylord came to the school in November of 1943.

SIX NEW TEACHERS

The six new teachers who will start their service in Palm Springs on Monday are:

Alex Hammond, Mrs. Moya Henderson, Miss Vashke Hronis, Miss Velma Kowallis, Miss Bernice Lamb and Mr. Scott Thompson.

The high school teachers have been getting settled this week, and will hold their first faculty meeting of the year during the weekend.

STARTS MONDAY

High school starts Monday with an assembly scheduled at 8:30 a. m. Following the assembly, at which complete instructions for registration will be given, students will go to advisors in designated rooms, where registration forms of students will be made out under the adviser's guidance.

School will be out at 12:30 on Monday, after a minimum school day. There will be no cafeteria service on the first day of school. Regular classes will be held on Tuesday, and cafeteria service will be started on that day.

ASSIGNMENTS MADE

Assignments for teachers as listed in the tentative class schedule for 1944-45 are as follows:

Miss Gaylord: English I and II; Oral-Arts; Journalism.
Mr. Greeley: Algebra II; Solid Geometry; Trigonometry; Plane

Bus Schedule For Palm Springs High Announced Today

As a result of having a number of requests for information concerning school bus schedules, the high school office this week is publishing schedules which will be followed Monday, September 18, the first day of school.

Cathedral City bus will leave the post office at 7:50 a. m. It will arrive at its Black Tent station at 8 a. m. Junior high students will be picked up between Cathedral City and Black Tent by the high school bus in addition to regular high school passengers. Students who live between Cathedral City and Black Tent will flag the school bus Monday. They will be notified of regular bus stations to be established Tuesday.

The Indian Avenue bus will leave the Desert Retreat at 8:05 a. m. and will come down Indian avenue, stopping at accustomed stations. This bus will stop for students who flag it enroute the first day of school.

The high school "short run" will be made to the Plaza Garage as usual and it will leave for the high school at 8:15 to take care of students not accommodated by the Indian Avenue bus.

New Manager Takes Charge At Desmonds

Desmond's Palm Springs will be open Oct. 1 with James Coffman, a newcomer to the Village, as manager. Mr. Coffman brings many years of experience with Desmonds to the Village with him.

Larry Schultz, popular manager of Desmonds for the past two years, has become a buyer for the Desmonds organization and will make his home in Westwood.

A. V. Linkletters Back From Vacation

Mr. and Mrs. A. V. Linkletter have returned to their home, 169 Ocatillo, after a vacation spent at Lake Arrowhead.

They have just received a letter from their son, Van, in the U. S. Navy. He has been in England and in New York since they last heard from him.

Mr. and Mrs. Donald Lockett returned to their home, 811 Mission road, today after a summer spent in Pasadena.

Geometry; Latin I and II.
Mr. Hammond: Mixed Chorus; Civics; Boys' Double Quartet; Spanish I, II and III.

Mrs. Henderson: Library-Study Hall.
Miss Hronis: World History; Tennis; Girls' P. E.

Miss Kowallis: Homemaking; Crafts; Art; Mechanical Drawing.
Miss Lamb: Commercial Arithmetic; Shorthand; Bookkeeping; Typing; Personal Typing.

Mrs. Martin: English III and IV; Basic English; French.

Dr. Oertel: Band.
Mr. Summers: Biology; General Science; Photography; Physics; Chemistry.

Mr. Thompson: Algebra I; Boys' P. E.; Woodshop.

Four Permits For Buildings Issued During Past Week

Four building permits with a total value of \$2800 were issued this week by Arthur F. Wright, deputy building inspector, bringing the September total to seven permits valued at \$4280.

For 1944 to date, 167 permits, valued at \$71,030.10, have been issued.

Permits this week were:

September 11 —
F. J. Smithwick, 136 South Indian avenue, repairs and addition., \$200.

Veterans' Home, Farm Measure Is Unopposed

Copies of the Ballot Arguments to Voters, issued by Secretary of State Frank M. Jordan at Sacramento show no opposition registered against Proposition No. 1, the Act providing a thirty million dollar bond issue, to be used by the Veterans' Welfare Board in assisting California World War II Veterans to acquire homes and farms.

Patterned after the four bond measures adopted by California voters overwhelmingly in 1922, 1926, 1930 and 1934, enabling 20,000 World War I Veterans to secure farms and homes aggregating \$89,000,000 in value, Proposition No. 1 on the November 7 ballot is receiving united and enthusiastic support from public-spirited Californians, according to state commander Ed W. Bolt of the American Legion, and chairman of the Veterans' Home and Farm Committee.

BALLOT ARGUMENT

"Adoption of Proposition No. 1 by California voters will give men and women veterans of World War II opportunity to acquire farms and homes of their own selection in their several communities where they live, and have their friends," the Ballot Argument signed by a group of distinguished California war veterans' leaders, headed by State Senator George J. Hatfield states. "It will do this at reasonable prices, with small monthly payments, and at a low rate of interest, all made possible because of the State's buying power, and the use of its credit in making the money available.

"Without costing the state, counties or taxpayers a single penny, the passage of Proposition No. 1 by a tremendous vote will be a token of the grateful respect which is ours for those sons and daughters of California who are giving their all throughout the seven seas in a war-torn world."

Andreas Employment Office Is Opened By Benton Beckley

Benton Beckley and Miss Anne Brown have opened the Andreas Employment Agency on Andreas road next to the power company office.

They have just received their state license and are now in a position to supply help for hotels, cafes, restaurants and business establishment and also to take applications for employment.

Mr. Beckley has been in business here for some time, is a notary public and also owns the Andreas hotel.

More Nightingales Needed for WAC

The Medical Corps has long since saluted its capable women in khaki, its Medical Wacs—the modern Florence Nightingales—for their humanity and devotion to duty. So effective have been their errands of mercy in rehabilitation, that the Medical Corps has requested thousands of additional women for Army hospitals here in Southern California, elsewhere in the United States, and overseas in various theaters of operation.

Some of the fascinating jobs which are open include Laboratory Technicians, Dental Technicians, Pharmacist Aides, X-Ray Technicians, Lip Reading Technicians (Instructor), Braille Technicians (Instructor), Psychiatric Social Workers.

Additional information may be obtained from Lt. Herbert W. Humber, Recruiting Office, 205 Post Office Bldg., San Bernardino, Calif.

Best Vacation Says Mrs. Jennie Lawson

Mrs. Jennie Lawson returned this week to her new property here at 235 South Palm Canyon drive after a summer spent in the Idyllwild district. She bought a cabin there near the ranger's station.

"It was the best vacation I ever had," she said. "Idyllwild was a miniature Palm Springs this summer, there were so many Villagers there."

A marriage license was issued in Riverside this week to Binney Morris, 40, and Mildred L. Buyer, 36, of Palm Springs.

YOU'RE IN THE ARMY NOW

By Maj. Herc Ficklen

"Here's a real souvenir—I'm sending it home to my dad!"

"I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

When you read this in the papers, I will be in London. Could anything illustrate the shrinking world better than this simple statement? It used to be, when you heard someone say, "This is a small world," it meant that the speaker had met a friend from the home county. Today it really means what it says. There is no place in the world 90 hours away from any other place. I heard that first before the delivery of the big planes that are bombing Japan. How many hours now, I wonder?

The actual flying details may not be made public until later. Visualize this: Congressman Harris Ellsworth, of Oregon, and I left Washington after supper time, Saturday, and drove to the place where the big plane was waiting. We went through the checks with which every traveler is familiar. We went to bed on the plane, as if we were on a Pullman. We had lunch in London on Monday.

The trip is at the invitation of the British government. It is part of an idea to acquaint certain members of the Congress, chosen presumably because of their backgrounds, or their positions on certain committees, or their interests, or perhaps their previous familiarities with England and the Continent, with wartime conditions in England.

If General Eisenhower's boys keep up the pace they are setting, we might even get to Paris, for a quick trip. There's a little boarding house on the left bank, where the Phillips' family stayed for some weeks during two summers, that I'd like to visit, to see what the war did to the people who don't get in the headlines, the little people like us.

I gather that about a dozen of us will get to go over under these conditions, a couple each week. We come back on a transport. We pay our own way back! You see, these are the light trips respectively, so there is room for us, and I think it was a smart idea. I specified it wasn't to be a "Chamber of Commerce trip"—I don't want entertainment nor to have my time programmed. I want to talk to the people and see what the war, and the "doodlebugs" have done to them.

Also I want conferences with people in certain agencies who can give me information. These would correspond here to the Department of Agriculture; the War Food Administration; the Department of Labor. I am interested in farm tenancy, as England has been working it out for fifty years; in marketing laws; in the administration of foods, and in rationing (don't laugh, I didn't even mention the OPA!) and in some of the labor problems just ahead of us in America. This is a grand opportunity, and I think it was the background and experience you people made possible for me in California, which gave me this chance.

I rise to remark that I expect to have something to talk about when I get to California, besides the campaign. I'm due back in Washington about the 3rd of October. I know by experience there'll be a pile of correspondence on my desk to answer. Then I'll come home.

While I'm gone, the office will be open as usual. Write or wire just as if I were here. Mrs. Langstaff will take care of details.

New Orchestra In The Making; School Adds New Course

A new orchestra is in the making for Palm Springs.

The Desert School district, Miss Katherine Finchy, superintendent, said today, has added a course in instrumental music with Mrs. Dorothy Smith in charge and plans an active organization of school pupils from the fourth to the eighth grades.

The school has purchased some of the larger instruments which will be loaned to students and parents are urged to buy, rent or borrow the other instruments needed. Under the planned program, Mrs. Smith will give an individual lesson to each student once a week and they are required to practice daily at home. A weekly report by their parents on the practice sessions will be required.

As soon as the student is deemed sufficiently proficient, he will be placed in the orchestra.

The opinions expressed in this column do not necessarily reflect the views of the editor. Practically all newspapers publish a column in which readers are allowed to express their own opinions, even though they in many instances are contrary to those of the editor. In the future, contributions to this column must be limited to 400 words.

TO THE EDITOR OF THE DESERT SUN:

Palm Canyon should be protected from the ravages of fire, and it can be done. No doubt government money could be obtained to pay the cost, as it is government property.

A suitable place could be found at the headwaters of Palm Canyon to build a dam and form a large lake to store enough water for fire protection and an irrigation supply for the Indian Reservation.

The pipe line should be built from the dam down the canyon and to the reservation, with stand pipes for hose connections all the way down the canyon. With a fire guard on duty all the time and a hose wagon ready to rush to the point of fire, any fire could be put out before it got a good start.

A private road should follow the pipe line to the lake. The lake would give protection against floods as it would hold back flood waters. Together, the road and lake would give fire protection to all that mountain area. Therefore, the government would certainly finance the project.

Palm Canyon, the finest forest of native palms in America, is a beauty spot not surpassed in the whole world. It should be given protection.

Palm Springs Chamber of Commerce, please take notice.

Ralph R. Sutherland.

Rationing Rules

Your Coupon Schedule

Shoes—Airplane stamps 1 and 2, Book 3, good for one pair of shoes each, no expiration date.

Sugar—Stamps 30, 31, 32, 33 in Book Four, five pounds each, no expiration date. Stamp 40, for canning sugar, expires Feb. 28, 1945. Applications for additional canning sugar, to be filed with local OPA boards, must be accompanied by SPARE STAMP No. 37. (Note — Do not use SUGAR stamp No. 37.)

Canned Foods—Blue stamps, (worth 10 points each) A8 to Z8, A5 to L5, Book 4, no expiration date.

Meats, Etc.—Red stamps A8 to Z8, A5 to G5 (worth 10 points each), Book 4, no expiration date.

Gasoline—Coupon 12 (A-book), three gallons each. Expires September 21.

Grease Bonus—Butchers will give two red tokens for every pound of salvaged kitchen fats received.

Tire Inspections—Save your tire inspection records even if inspections are no longer necessary. Requests for new tires must be accompanied by record of inspections.

Ray Wilson, former member of the local police department but now with the sheriff's office and stationed at the sub-station in Indio, was a Village visitor Tuesday.

Old clothes should be saved for wearing while answering the doorbell—in case it's a collector.

Blue Tokens Will Be Discontinued After September 17

There'll be no blue tokens to clutter up pocketbooks after Sept. 30. And between Sept. 17 and Sept. 30, blue tokens may be spent only in multiples of ten.

Under a new ruling issued this week by OPA Administrator Chester Bowles, blue tokens will be discontinued October 1. Removal of practically all canned and bottled vegetables and fruit spreads and specialties from the processed food rationing program on Sept. 17 is the cause.

Most items after that date will have points in multiples of ten eliminating the need for change. Points will still be required for canned fruits, canned juices, canned tomatoes, catsup and chile sauce.

Up to Sunday, therefore, blue tokens will be used just as now. After Sunday, no more will be given in change and until Sept. 30, the blue tokens may be spent in tens only. After Oct. 1, blue tokens will have no value, except possibly as souvenirs.

Red tokens, however, will still be in use.

All the Local News While It's NEWS
THE DESERT SUN

Back to Elm Street, U.S.A.

Back from the business of killing — to the business of living!

Back from scenes of hatred, despair and destruction to a homeland of peace, hope and opportunity!

Millions of young Americans are coming back to thousands of farms — to thousands of peaceful Elm Streets in every city, town and village of America!

They've made up their minds to a lot of things while they've been away.

They've seen the suffering of homeless terrorized families — people who have lost their self-respect, their hope, their health — everything.

They've seen a large part of the world in ruins, because a few fanatical men sold "gold bricks" to millions of people who traded in their freedom for promises of security — for brightly painted pictures of a "planned economy" under an all-wise, all-powerful government.

And they want no part of that sort of thing here in America.

They want jobs. They want to plan their own lives. Make their own futures. Go places under their own power.

And we must give them that opportunity.

But to do it, wartime restrictions and controls must be removed from agriculture, business — and the individual citizen — as quickly as possible.

Farmers must be free to plant what they want, and as much as they want — without needless bureaucratic supervision.

Taxes must be adjusted so that money will be available to finance the change-over to peacetime production.

Greater incentives must be provided, so that workers can make more money, by making more goods for more people.

Mr. Private Citizen must be allowed to make money — and be free to invest it in business ventures of his own — or of others.

Prosperity has always come to America through the growth of production — not its restriction — on farms and in factories.

Profitable production will make jobs for the boys who are coming back. But business, labor, agriculture and an understanding government must work together to create it — hold it — and increase it.

Buy War Bonds and Stamps — and Keep Them!

USO Entertainers Right Behind Guns In European Drive

Scarcely waiting for the mopping up of the beachheads to be completed, 108 USO Camp Show entertainers in England await the go-ahead signal to cross the Channel and open the "Foxhole Circuit," according to a report today made to Tom Holland, chairman of the Palm Springs War Chest Fund.

They will join the invasion troops the minute the Army decides it needs and wants them. It was pointed out that the performers were held back thus far partly because morale needs less boosting at the front than in the quieter zones remote from the battlefield lines.

USO Camp Shows financing comes from the National War Fund and the authority to use its services rests with the Army and Navy. Camp Shows operate the biggest theatrical circuit in the world since it is the only organization authorized to recruit talent for entertainment in military areas overseas. More than 700 of its entertainers are now at work in the homefront camps and 469 are overseas.

Not all the entertainers are top-name performers. Many are comedians, singers, hoofers, and others known only to the vaudeville circuits, but to the boys on the battlefronts they are providing top-notch amusement.

Latest reports from England tell of the arrival of Dinah Shore who will tour the circuit. Bob Hope is now touring the South Pacific, according to the announcement reaching Chairman Holland.

Sanitary District Board Election to Be Held On Monday

Biennial election of the Palm Springs Sanitary district will be held next Monday, Sept. 18, with three directors of the board of five to be elected.

Terms of Judge Guy Pinney, Clarence A. Hyde and George B. Roberson expire at this time. All three are candidates for re-election and are unopposed. Hold-over members of the board are Thomas Lipps and Harold Hicks. Terms are for four years.

The polls, located at the Frances S. Stevens school, will be open from 7 a. m. to 7 p. m.

New and Enlarged Village 5 and 10 Stocks New Goods

Kenny DuBose of the Village 5 and 10 this week put into service the new addition to his popular store at 200 North Palm Canyon drive. When the carpenters and painters got through with the job, the Village 5 and 10 had the equivalent of two more store rooms added to its floor space and many yards of additional shelving and several new display tables.

The chief increase in stock, Mr. DuBose said, was in the toy, household goods and hardware departments. New goods are arriving daily and being put on display in anticipation of a great season.

Mr. and Mrs. Eugene V. Griffes of Palm Springs are putting on the finishing touches of a summer vacation spent at Balboa Island. They expect to be back in Palm Springs soon.

Dr. Macartney to Be Back Sunday At Community Church

Dr. John R. Macartney will resume his ministry in the pulpit of the Community church next Sunday and will conduct services there from then on until next June.

Mrs. Holly Lash Visel, head of music at the church, will be back in the Village early in October to resume her excellent direction of the various church choirs and special music. Until she returns, Mrs. Lois Lux, organist, will be in charge of the music.

PLANS NEW SERIES

First of the series of sermons to be presented at the church will be upon the general theme, "The Great Interviews of the Bible."

Arrangements are in process to bring to Palm Springs as assistant in the church a young woman recently graduated from Los Angeles Bible Institute, to become director of religious education and young people's activities.

Dr. and Mrs. Macartney will return from Forest Home, in Mill Creek canyon tomorrow after what the pastor defines as a varied, interesting and profitable summer. Early in June he attended the General Assembly of the Presbyterian church in Chicago where he met some of the outstanding preachers of the generation.

IN FORMER PULPITS

From Chicago he went into Wisconsin and on the way back to California, had the pleasure of occupying three of his former pulpits, in Oconto, Wis., his first church, in Waterloo, Iowa, and in Bellingham, Wash.

At each of these places he had the pleasure of greeting many former parishioners. At Waterloo and Bellingham, during his pastorates there, he had the privilege of being a part of programs which resulted in the building of magnificent new church edifices.

While in the northwest, Dr. Macartney spoke in several other churches. He also found time to go after salmon in the Puget Sound area and reported some excellent catches.

Desert Inn Beauty Salon Re-Opens; Expert in Charge

Tommy Wilson, nationally known hair stylist, has taken over the Desert Inn Beauty Salon and will give it his personal supervision during the season, it was announced this week.

The salon opened Monday of this week with three experienced operators in charge with Mr. Wilson to supervise. He has won many prizes in hair styling and is a member of the Los Angeles Coiffure Guild.

For the past few seasons he has been operating salons in Pasadena and Hollywood.

In Palm Springs he will feature Mary Quinlin cosmetics and facials as well as all leading brands.

Chamberlins Having Interesting Time On Tour of Mexico

Word comes from Mr. and Mrs. Charles Chamberlin, well known Villagers, travelling in Mexico, of a most interesting trip.

Mr. Chamberlin wrote that they had just returned to Mexico City from a visit to the new volcano which recently came to life on a Mexican farm.

"It was an exciting trip but hard. Rode a horse 14 miles," he wrote.

The Chamberlins plan to spend some time in Mexico before returning to the Village.

CHRISTIAN SCIENCE CHURCHES

This quotation from Proverbs will be the Golden Text in the Sunday Lesson-Sermon on "Matter" in all branches of The Mother Church. The First Church of Christ, Scientist, in Boston: "Wilt thou set thine eyes upon that which is not? for riches certainly make themselves wings; they fly away as an eagle toward heaven."

Matthew relates that after Jesus had fed the multitude in the desert place, he "constrained his disciples to get into a ship, and to go before him unto the other side. . . . And in the fourth watch of the night Jesus went unto them, walking on the sea. And when the disciples saw him walking on the sea, they were troubled, saying, It is a spirit; and they cried out for fear. But straightway Jesus spake unto them, saying, Be of good cheer; it is I; be not afraid."

A citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, reads: "God never ordained a material law to annul the spiritual law. . . . Jesus walked on the waves, fed the multitude, healed the sick, and raised the dead in direct opposition to material laws. His acts were the demonstration of Science, overcoming the false claims of material sense or law."

Detached A-12s Good, New Ruling of Ration Chiefs

If you are holding your A-book cover because you have an A-12 coupon left and are afraid you can't cash it if it is detached, relax. Tear it out and send in your A-book cover together with your tire record and application for a new A-book.

Otherwise, the new A-book may come well after Sept. 22 when the first coupons are valid.

The OPA ruled last weekend that service station operators may accept detached A book coupons during the period for renewal of the books. Service station men were warned, however, to check the endorsement on the coupons with the license number on the automobile.

El Paseo Pharmacy Will Re-Open for Season Tomorrow

The El Paseo Pharmacy, 800 North Palm Canyon drive, will reopen for the season tomorrow with Mrs. Avis Cox as manager, in the absence of her husband, Ben Cox, who is a pharmacist's mate, first class, in the United States Navy, and stationed at Los Alamitos.

Mrs. Anna Dennis will again be in charge of the fountain at the El Paseo this year, offering a complete service, breakfasts, luncheons and dinner and fountain service.

H. B. Fern will return as pharmacist.

The El Paseo will be open from 7:30 a. m. to 10:30 p. m. daily.

The people in Riverside county will soon have the opportunity to elect Frank Dunbar, San Jacinto Real Estate man and Rancher, to the State Senate. Phil Boyd in the Assembly and Frank Dunbar in the State Senate will give Riverside county the two fine outstanding new state representatives in Sacramento this county needs.—Adv. s4if

Episcopal Church Re-Opens For New Season On Sunday

The Rev. Robert M. Hogarth, vicar of St. Paul's in the Desert Episcopal church, returned from the coast yesterday to resume his duties at the local church, El Alameda, next Sunday, Sept. 17, with morning services at 8 a. m. and 11 a. m.

At the latter hour he will preach on "Privilege and Duty."

SCHEDULES LATER

Sunday School and Young People's services, will be announced later when they are resumed after the opening of the schools.

Rev. Hogarth has been living this summer at his sister's home in Long Beach and commuting to Newport Beach on a special assignment from Bishop W. B. Stevens, to lay foundations for regular work there. The bishop visited this church on August 27 to confirm a special class of six young people and be special guest at a parish dinner in the patio of a parishioner's home, overlooking the bay.

PLAN TO BUILD

Building lots have been given the new church by an interested parishioner, just outside of the main entrance to Lido Isle which has been plotted as a civic center for the whole Newport Harbor area and where a new leading moving picture theater is already in operation and where a city hall, other civic buildings and churches, including the new Episcopal church, will be built.

For Essential Transportation—Yellow Cabs. Phone 4444

Mr. and Mrs. Harry Harlow plan to return to Harlow Haven here on September 15, according to word from Los Angeles where they have spent the summer months.

Speaker Says War On Tramway Plan To Be Continued

Harry C. James, head of the Trailfinder School for boys, said in an address before the Kiwanis club in Banning last Friday that he would continue to fight the Tramway. His organization is opposing the Mt. San Jacinto tramway on the theory that the area comprising Mt. San Jacinto State Park should remain a primitive area for the sole use of hikers and horseback riders.

He stated that his organization, with headquarters in Altadena, consists of 600 boys. Mr. James stated he accompanied a group of his boys to Washington, D. C., to interview President Calvin Coolidge in an effort to have the Mt. San Geronimo area designated a primitive area, and were successful.

The Trailfinders, succeeded in having the tramway bill vetoed by two governors, Olson and Warren, after the bills had been passed by the State Legislature.

Mr. James said that if the tramway bill is introduced again, here will be an organized group to oppose it.

Among guests at the meeting were Francis Crocker, Raymond Cree, John Chaffey and Walter Kofeldt of Palm Springs.

Fred Fulton Will Open Men's Store About Sept. 30

Fred Fulton plans to open his men's sportswear store in the north building on the Hotel Oasis grounds about Sept. 30, he said today. Fulton was in charge of the men's wear department at Bullock's, Palm Springs for some time.

Prior to that he operated a big men's clothing store in Centralia, Wash., for seven years. He came to Palm Springs about three years ago for health reasons.

He plans to feature the smartest line of men's sportswear obtainable and will display only California articles.

Mrs. Fulton is assistant at Dr. Henry S. Reid's hospital here.

Mrs. Anna H. McAtee, mother of J. L. McAtee of the Tiare Tahiti, returned this week from Dufur, Ore., where she spent the summer. Mr. McAtee met her in Los Angeles and brought her to the Village.

Villagers Return From Delightful Alaskan Vacation

Mr. and Mrs. Austin G. McManus returned to their home here Tuesday night after a most delightful summer spent in the Alaskan area.

By train to Seattle, steamer to Seward, train to Anchorage and then by plane to Fairbanks, they covered much of the Alaskan territory and found it a real vacationland. They have many friends in the territory, friends who own homes here, and they spent much of the time in renewing old acquaintanceships.

They were absent from the Village for three months. Having put in most of the two previous summers here, the trip was a much-needed rest and most enjoyable.

They plan to open the Palm Springs Tennis club seasonal playground for many Villagers and winter residents, about Nov. 1.

MORE ABOUT . . .

Clean-Up . . .

grace," said Mr. Sorum. "There are unsightly piles of rubbish in streets and on vacant lots. If you have any rubbish, keep it on your own lot until it can be hauled away."

"These rubbish piles are a great hazard and those who are responsible are taking the chance of a hot lawsuit should anyone be injured."

GENERAL CLEAN-UP

According to President "Hutch" Moseley of Los Compadres, every volunteer possible is wanted in the drive to rid the city of every unsightly rubbish pile and make the Village presentable for winter visitors.

Monday night's meeting is to determine how many men can be obtained.

Mr. Sorum has arranged to have waste disposal equipment available on the clean-up day.

TRUCKS IN READINESS

The city will supply four trucks and drivers to haul away the rubbish gathered in the drive. Frank Britt, waste disposal foreman, will supervise the routes and collections.

William Veith of the Indian office, said the Tribal committee would help, too, to make the clean-up general.

The plan, according to Mr. Moseley and Mr. Sorum, is to clean up the city and then to keep it clean.

Baby Boy Arrives At William Marvin Home This Week

First addition to the William Marvin family is now at home with his mother and dad, and is doing o. k., thank you.

He is William Kirk Marvin, born August 30 at Torney General Hospital. Mrs. Marvin and new son returned to their home the first of the week. Mrs. Marvin has been manager of the Knobby Knit shop for the past nine years. Bill Marvin operated a sporting goods store next to the bowling alley until he went into the army. He is now stationed at the air base here.

Go to Visit Major Grimes In Denver

Mrs. E. E. Grimes of Grimes Grocery store, Indian avenue at Andreas road, and her daughter-in-law, Mrs. Myron J. Grimes, have gone to Denver to visit Major Myron J. Grimes who is in Fitzsimmons General Hospital there.

Portrait of the Week

By BERNARD
of Hollywood

Katherine M. Lamont . . . native of New York City . . . but left the Big Town to come to Palm Springs . . . is now at Torney General Hospital in secretarial work . . . schooled in New York . . . musical tastes runs to the classics and operas . . . sports—tennis and horseback riding . . . also very fond of fashions . . . and, speaking along marital lines, is unencumbered.

Composer So Impressed By Village That He Sits Right Down And Writes A Song, "In Palm Springs," About Us

San Fernando valley, Kalamazoo, St. Louis, Memphis, New Orleans and all of those cities which have songs written about them have nothing on Palm Springs.

"In Palm Springs," a catchy tune, easy to whistle and easy to hum or sing, is in the hands of publishers and should be on the counters in music stores soon.

In fact, they hope to have it on sale here before the season really gets well under way.

INCITED TO SONG

Jack Kenney, well known song writer and movie personality, visiting in the Village weekend before last, became so imbued with the spirit of the Village that he sat right down at the piano and in less than a half-hour's time, had the song, music and lyrics, jotted down.

He titled it "In Palm Springs" and the few Villagers who were privileged to hear it, already are humming it.

Kenney has a natural talent for song-writing, turning out his first when only 12, Jimmy McCue, song writer, had Kenney plug songs with him when the latter was still a kid in knee pants, working for the McCarthy and Fischer Publishing company in Boston, his home town.

PROMINENT ON SCREEN

Kenney revived the famous Gallagher and Shean act last year with the original Mr. Shean and the team just finished a picture in which that famous old number, Gallagher and Shean, is featured for Republic. The screen play is entitled "Atlantic City." Recently they also recorded for Decca in New York.

When not writing alone, Kenney's collaborator is Chuck Riesner, well known director who just finished Abbott and Costello's latest, "Lost In A Harem."

Asburys Back From Ojai, Will Re-Open Hotel On October 1

Mr. and Mrs. Joseph L. Asbury have returned from their orange ranch near Ojai, Ventura county, where they have spent the past two months and plan to re-open their Casitas del Monte at 2281 South Palm Canyon drive on October 1.

Their La Hacienda apartments, 259 South Palm Canyon drive, which they took over toward the close of last season, has been open all summer.

Mrs. Esther McGee will be manager at the Casita del Monte. Their oldest son, Capt. J. L. Asbury, is a Mustang pilot flying in the European Theater of Operations. He formerly lived at the La Quinta. Their youngest son, Bill, is a Navy V-12 student at the College of Pacific, Stockton.

Mr. Asbury said he was attracted to his local properties through an advertisement in The Desert Sun.

Registration Week Proclaimed By Mayor; Villagers Urged to Make Sure They Can Vote On November 7

In a campaign to make every citizen of Palm Springs eligible to take part in the all-important general election on Nov. 7, Mayor E. E. Theriault this week issued a proclamation setting aside next week as registration week in the Village.

All who have not registered, who have moved recently, or who failed to vote at either the primary or general election in 1942, are urged to register.

DEADLINE SEPT. 28

Last day to insure the right to vote on Nov. 7 is Sept. 28. That is less than two weeks away. City Clerk Louise McCarn is deputy registration clerk for Palm Springs.

In his message to the people of the Village, the mayor said: "Vote as you please, but please vote!" Mayor Theriault's action was in line with a similar appeal sounded by Gov. Earl Warren to all Californians.

STAND BY SERVICEMEN

In his proclamation, Gov. Warren said:

"The right to vote one's convictions is a principle of democracy for which men are now offering their lives. We have properly shown concern over the right of these fighting men to vote and have adjusted our state laws to increase their opportunity. We must now add to their confidence in our management of the home front by assuring them of our

full participation in the decisions which lie ahead. This is a trust which they have placed in our hands for they are fighting for an ideal in government which imposes responsibility upon all and permits the expressed will of the majority to become the program for all."

MAYOR'S PROCLAMATION

In his proclamation, Mayor E. E. Theriault wrote:

"Vote as you please—but please vote. "As part of your civic and patriotic duty, exercise this right. "September 28 is the last day for registering for the November General Election.

"Therefore, I, Eugene E. Theriault, Mayor of Palm Springs, in keeping with a similar proclamation by the Governor of our State, hereby proclaim September 18-25 inclusive (excepting Sunday) as REGISTRATION DAYS in Palm Springs; and do hereby urge every one of our citizens to join this state-wide drive to make California's total registration due proof of our rightful pride and interest in the affairs of this our Sovereign State and our Republic, and of our avowed intention to have a voice in the government of our nation, our state and our local county and city affairs.

"IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City of Palm Springs to be affixed this 14th day of September, A. D. one thousand nine hundred and forty-four.

EUGENE E. THERIAULT,
Mayor, City of Palm Springs,
California.

Attest:
Louise McCarn,
City Clerk.

Francis G. Craven, Jr., 24, and Abbie Lightfoot, 22, were issued a marriage license at Riverside this week.

Public Secretary Opens Office Here

Mrs. Fay Markson of Los Angeles, experienced in secretarial work, has established herself with Mrs. Cora Belle Hyde, local realtor, and is prepared to serve as public secretary.

An experienced stenographer and typist, she is also well-versed in all secretarial detail.

Mr. George Archer
